a place for everyone àite don h-uile duine

- In groups brainstorm where visitors to Culloden might come from ?
- Can you guess what overall % are from abroad and what is the most common languages spoken at the centre by visitors ?

Cochran Mortar

Weight: 10,000 lbs
Height: 10 ft
Diameter: 18 in

A photograph of a stone tower in a field. In the foreground, there are green bushes with yellow flowers. The tower is made of grey stone and has a small opening. The background is a clear blue sky.
