What do we mean by 1+2?

- L1 is the mother tongue, not necessarily English.
- L2 is the first foreign language pupils will be learning from Primary 1
- L3 is the second foreign language, to which pupils will be introduced no later than Primary 5

Aims

- Consider sources of partners (native speakers or native English speakers who have used another language for work) to support the 1+2 Languages Policy
- Provide examples of successful use of such speakers to maximise opportunities for language learning
