# Using film in the classroom at Doune

For the last 10 years at Doune Primary, we have participated in **le Concours de la francophonie** from P4 upwards to motivate and engage learners.

# What we have found

Through the work we have done, we have found the following to be the most successful with learners:

- Keeping the language appropriate to age and stage
- Keeping it simple
- Practising
- Co-creating a script with learners
