

## LFEE

Our Spanish on-line course for teachers has now been published. We already have 50 teachers from Dumfries and Galloway signed up for it. For further info, please visit: [www.powerlanguage.courses](http://www.powerlanguage.courses). Interested Local Authorities/schools should contact us directly: [info@powerlanguage.net](mailto:info@powerlanguage.net).

On-line course for parents: we'll be running a pilot project with Fife Council involving 8 schools, over 1000 pupils and their families (including grand-parents!). For further information, please contact Richard Tallaron ([richard@lfee.net](mailto:richard@lfee.net)) or Tamsin Johnston [tamsin.johnston@fife.gov.uk](mailto:tamsin.johnston@fife.gov.uk).

Apologies for not being able to attend LANGS today, and a big thank you to you all for your support in promoting our immersion courses in France and Spain. We have had many applicants from all over Scotland this year again.
