Social Media Review

With the Issues around X (Twitter), do councils have a plan to move away from using this platform?

If so, what platforms will you be using moving forward?

Head to the Jamboard to provide feedback.

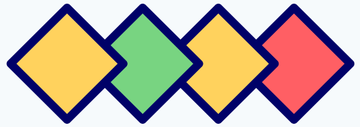
Our Vision



Option 1

"To create a Scotland where strategic partnerships and collective advocacy elevate the visibility and value of languages, fostering an inclusive and supportive network that inspires innovation and excellence in language education."

Option 2

"Our vision is a thriving language education community where collective representation, strategic action, and mutual support lead to meaningful visibility and lasting impact for languages in Scotland."

Option 3

To unite Scotland’s language education community around a shared strategy that increases visibility, offers robust support, and ensures every voice contributes to advancing the role of languages in education and society."
