

Online Team Teaching 'Live Lessons'

- Original teaching method and resources developed by Stacey Arneil (North Ayrshire)
- Evolved into an inter-authority collaboration to offer a range of languages nationally
- This includes North Ayrshire, Argyll & Bute, Highland, Aberdeen City and Fife.
- Currently offering French (2 levels), Spanish and Gaelic (2 levels).

Online Team Teaching 'Live Lessons'

- We aim to motivate pupils and support teachers to deliver a language confidently as L2 or L3 by facilitating engaging online team-teaching with a language expert.
 - Teachers receive live, on the job professional learning in language and pedagogy, and lead the learning for chunks of the live lessons.
 - Building confidence in this way enables teachers to consolidate the language learning with their pupils in their own class time using suggested follow-up resources.
- 

What this looks like

40 minute lessons

2 different timeslots to allow flexibility

5-minute chunks of input from Languages
Expert, alternated between games led by the class teacher

Delivered through GLOW Microsoft Teams to allow access
to all Scottish schools

No limit on how many classes can attend

Dedicated Teams space for teachers with all lesson and
follow-up resources

JAN-MAY 2025

Fàilte!

Hola!

ONLINE TEAM TEACHING LIVE LESSONS FOR LANGUAGES

These courses provide on the job professional learning and help teachers make time for languages in the curriculum. Teachers learn alongside their pupils in real time and are supported to lead the learning in their own class.
