

Mother Tongue Other Tongue

Find your voice

Do you learn a
language at
college or uni?

Or do you speak
another language
at home?

Either way, this competition's for you!

Mother Tongue

encourages students who do not speak English as a first language to create an original poem, rap or song in their mother tongue and to write a commentary in English detailing the inspiration behind their writing. Students will be able to submit Scots and Gaelic texts in this category as well as BSL.

Other Tongue

encourages students learning another language at college or university to use that language creatively by writing an original poem, rap or song in that other tongue. An accompanying commentary in English should also be included outlining the inspiration behind the text.

So get creative
Set your imagination free
And add your voice
To our poet-tree!
