Bring the world into your classroom

What am I interested in?

Increasing pupil engagement and motivation through exciting international activities.

Helping pupils develop intercultural understanding and prepare for a global economy.

Developing my teaching skills through international experiences and approaches.

International linking
Try our classroom resources or link up with a school in another country to enable pupils to work together on curriculum-relevant projects.

Curriculum resources
Try our curriculum resources, designed to engage pupils in learning about the world around them and to support you to educate young people for global citizenship.

Language learning and cultural immersion
We offer a wealth of resources and opportunities to support the teaching and learning of languages in UK schools.

Professional development
We can help you to expand and improve your own practice, and equip you to internationalise your curriculum to develop young people as global citizens.

International linking
Try our classroom resources or link up with a school in another country to enable pupils to work together on curriculum-relevant projects.

Lesson plans, classroom activities and assembly plans
Curriculum-relevant materials with options for all age groups.

Language teaching resources and classroom activities
Focus support for language learning and teaching.

Teaching and school leadership
Explore and share different approaches to teaching and school leadership with international colleagues.

Global citizenship
Enhance your practice with the knowledge and skills to educate young people for global citizenship and work with partner schools in other countries.

Network
Share ideas and work collaboratively with teachers and school leaders internationally.

Classroom assistants
Native speakers of foreign languages will enthuse pupils and help you bring other languages and cultures to life.

Language courses
Immerse pupils in another language and culture to improve confidence levels and ability.

Language competitions
Encourage confidence and enjoyment in speaking and understanding modern languages.
