Support for Modern Languages

Live Online Sessions

This year we have made some additions to our existing CfE Higher French, German and Spanish pages to offer additional support for learners.

We are also authoring Advanced Higher languages to meet the changes needed for CfE courses. There are a number of new resources and changes to the way assessment works to offer students an improved learning experience. We are now also offering support for the Specialist Study and Portfolio to help guide learners through the processes they will need to undertake.

Starting on Tuesday 6th October there will be a weekly support session from 6pm to 7pm offered by our online tutor, Douglas Angus. This will allow students to post questions on any aspect of their course, from National 5 to Advanced Higher, and receive an instant response.

The Live Online Sessions also return on Tuesdays, starting on 20th October. These sessions will start at 7.30pm and last an hour. The first session is for teachers and will examine the changes to CfE Advanced Higher and their implications for teaching and learning.

The timetable for Live Online Sessions for students is as follows:

| Date | Subject - Level |
|-------------|---|
| 27th Oct | Using SCHOLAR to support learning - All |
| 10th Nov | Reading - H |
| 17th Nov | Tackling the translation - AH |
| 24th Nov | Tackling the translation - H |
