

Live language sessions in French and Spanish for Primary pupils from the comfort of their homes

LFEE Europe has created a Virtual After School Programme (VASCO programme) to offer live language sessions in French and Spanish for Primary pupils.

The LFEE Europe team works closely with Schools and Local Authorities from around the country to support the language provision in primary schools.

Parents and carers can choose from a menu of weekly classes and sign up for a block of lessons directly from our secure online Platform. A weekly link is sent to the pupils to give them access to the lessons live or to watch the recorded session on catch up should they miss it.

Our native tutors will use the **latest online interactive tools** available such as 3D animations and interactive quizzes and combine them with more traditional teaching techniques such as arts and crafts and origami to create a unique learning experience!

The main thread guiding our first block of lessons is **Storytelling**. Games, songs and other activities have been created around the stories to reinforce the learning and to help pupils recycle words and sentences in different contexts. The language covered will be appropriate for each age group.

The first Block of 12 lessons will run from mid September until Christmas 2020. The cost is £36.00 for the term.

Please go to lfee.net/vasco for further information and to register online NOW or contact us on vasco@lfee.net

Places will be allocated on a first come first served basis.
