MULTILINGUAL DAY 2023

30 YEARS OF SEET

It's our birthday! SEET is proud to be 30 years old this June, and we are using this as an opportunity to raise awareness for language learning in our school communities.

Here at SEET, we are fortunate to work with hundreds of schools each year across the Euroquiz and Our World projects.

We would like to use this platform to bring everyone together, have fun with languages and celebrate the hard work of the thousands of young linguists we work with across the country each year.

Interested in taking part? Pupils should work together to organise a language-themed fundraiser at school between March-June. This should be an opportunity to show off creativity and have fun with languages!

Ideas include:

- Set up a café/breakfast/coffee morning in your target language and use key words and phrases to order themed food
- Foreign language film showing
- Mother tongue celebration day
- Bring a food from a different culture
- Invite a linguist to school to talk about using languages in life and work
- Dress in the flag colours of the language they are learning or as a famous person from that country
- Hold a sports tournament with teams representing different countries
- School Eurovision competition
- Consider making SEET your school's charity of the year

50% of proceeds will be allocated to your own school fund, and 50% will be shared with our charity to further support young people with their language learning across Scotland.

Collectively, we can help to raise awareness for the fantastic learning taking place in classrooms all over the country!

As well as 50% of proceeds going to your own school fund, there will also be excellent prizes for the most unique ideas and for the school that raises the most.

Sign up on our website to raise awareness for language learning!
