

French listening challenge

Work with a partner. Cut out the French words below so that they are each on a separate card and spread them out in front of you, so that both of you can see them all.

Watch and listen to the animation 'Rat des Champs, Rat de la Ville.' As you hear one of the words on the cards, pick up the card before your partner can. By the end of the cartoon, see who has picked up the most cards from your pile!
